The logo for HIGH-Rim, with 'HIGH' in red and 'Rim' in black, followed by a registered trademark symbol. It is enclosed in a white rounded rectangle with a black border.

HIGH-Rim®

High R-Value Insulated Rimboard

- Consists of two OSB boards and polyurethane foam adhered to create a tightly sealed, high R-value barrier for the beltline perimeter.
- R-11 assembly insulates a difficult area in floor construction in one step
- Meets APA PRR 401 for non-structural rimboard
- Helps your project meet Massachusetts Stretch Energy Code

Customer Testimonial

“I must admit I was skeptical about **precut rafters** but after the **pre-engineered flooring system** came together so nicely **you earned my confidence.**”

Our reputation depends on building custom homes to exact standards. The coordination between the field and your shop was flawless and the final product was installed quickly without issues.

Well done... I will be working both systems into our future projects.”

David Brookes, President, [Brookes and Hill Custom Builders](#)
